

Dear families,

My name is Stefani Sumption and I am an Art Education major attending Northern State University. I am excited to begin my student teaching experience at your school. Throughout the semester I will be observing my cooperating teacher while learning how to prepare and teach fun, interactive lesson plans.

A little bit about myself, I grew up in Frederick, South Dakota. A small town with a very small school. I am eager to get to know the students and figure out how everything works in your school, which I am honored to be a part of now! I love the small school atmosphere and hope to bring this into every classroom I am able to work with.

Thank you for allowing me to be a part of your child's classroom. I've found a love and appreciation for art and I hope I can pass this joy on! I hope to teach my future students the concepts and techniques of the art world, guiding them to succeed in every way. Every student can excel in whatever they put their minds to, and this is my goal as an art teacher, to inspire my students to try their hardest. Knowing that every student can achieve what they put their minds to reflects on my philosophy as an art educator. I am excited to get to know each and every student!

My contact information will be listed below and I would be more than happy to answer any questions you may have. My blog is also listed, which is where you can learn a little more about myself, as well as take a look at art lessons I have done in the past. Thank you for allowing me this opportunity to gain experience as a future educator.

Sincerely,

Stefani Sumption
